Training

An online module to train club administrators, registrars, club executive committee and members is available at learning.gaa.ie/courses/dataprotection

All LGFA members and Club Officials are encouraged to review the content to familiarise themselves with the requirements of GDPR.

The functionality available with the Microsoft Office 365 suite of products (available to those with @lgfa.ie email addresses) will assist in managing personal information in a secure and controlled manner. Further guidance on the processes that should be used is being prepared and will be made available to all clubs over the coming weeks.
