Essential Guide to GDPR

This course is the next step up from the LGFA 10 Step Essential Guide to data protection. The 2 ½ hour comprehensive course will assist you with understanding GDPR terminology and the principles which underpin the new legislation. Taking this understanding the course will then look at how as clubs, county boards, etc we can ensure we are compliant with legislation using a practical approach suitable to a volunteer sport. Feedback from 2019 was overwhelming positive: "This is brilliant. I've been to lots of courses on GDPR and the way it's been delivered today, I actually now understand it".

GDPR in Practice

This course is a follow on course from the Essential Guide to GDPR. In this 2 hour course we will look in detail at data protection case studies which are common within the LGFA and sporting bodies. The course will give clubs, county boards, etc the guidance and confidence to deal with not only day to day scenarios but also how to approach any data protection situation which they come across.
