Championship Regulations for Group Stages

If teams finish on equal points in the Group Stages, the final placings shall be decided by the following means and in the order specified:

(i) Where two teams only are involved, the placing will be determined as follows and in the specified order:

- a. The outcome of the head-to-head game between the two teams concerned will determine the placings.
- b. Should the head-to-head match between the two teams concerned have finished in a draw the team that finishes in the higher position will be the team that registered the highest number of points i.e. scores converted over the bar, in that head to head match.
- c. Should the teams remain equal at this point the team that finishes in the higher position will be the team with the highest score difference throughout the Championship i.e. score remaining when all scores for team throughout the Championship are added together (points will have a value of one whilst goals will have a value of three) and all scores conceded are subtracted from that number. Games against any team that gave a walkover during the Championship are disregarded in score difference.
- d. Should the teams remain equal at this point the team that finishes in the higher position will be the team with the lowest number of goals conceded throughout the Championship

(ii) Where more than two teams are level on points the following shall apply:

- a. The placing will be decided by score difference i.e. score remaining when all scores for team **throughout the Championship** are added together (points will have a value of one whilst goals will have a value of three points) and all scores conceded are subtracted from that number.
 - b. Should the score difference between the three teams concerned have finished the same the team that finishes in the higher position will be the team that **registered the highest number of points** i.e. scores converted over the bar, this will determine the overall table placings; e.g. (1st, 2nd, 3rd 4th)
