

# Company Brochure

# Our Company

S3 Solutions is an independent consultancy company.

We work primarily with organisations in the public and third sectors. Our clients include local authorities and government departments, not for profit organisations, social enterprises, sports clubs and charities.

Since establishing in 2013, we have developed a team of 30 staff and associate consultants. This team has helped secure more than £150m of funding for clients – supporting the development of new facilities, projects and initiatives that contribute to positive social change in local communities.

We are proud of our reputation as a professional yet approachable company and we love connecting with organisations who aspire to create positive social change in their communities. Scan the QR code to find out more about S3 Solutions from our company founders and directors.

# Our Services

We are passionate about making things happen, which is why our company mission is:

*To leave a positive and lasting impact on the people, organisations and communities we work with, supporting social change.*

We do this through two distinct, but connected services:

## Consulting

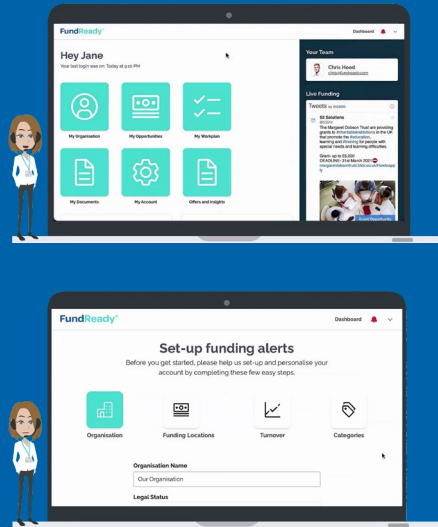

Providing quality, independent and impactful consulting services.

## FundReady

Ireland's leading funding support service for 3rd sector and not for profit organisations.

# FundReady

**FundReady** is a subscription-based service with support packages available to meet the needs of organisations of all sizes and types. We provide a service that is tailored and aligned to the funding needs and profile of each organisation. Through our digital platform and team of specialist Client Advisors clients receive:

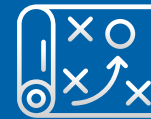

- Access to the latest funding opportunities through our extensive database of funds
- Advice, guidance and practical support to write and submit funding applications
- Access to webinars, resources and guides produced by our specialist team
- Exclusive offers from our network of corporate partners

Find out more about our FundReady service here;

# Consulting

Our professional and experienced team of researchers, social impact analysts, business and economic consultants lead on the delivery of our dedicated consulting services including:

**Strategic Planning**  
We support clients to develop ambitious yet implementable strategic plans using a range of facilitated workshops and engaging consultation

**Evaluation**  
We are specialist social impact analysts, we use a range of tools from theory of change, OBA and logic model to evaluate funded projects

**Business Plan**  
Our qualified practitioners produce appraisal and business plan documents to support project development and funding proposals

**Research**  
We focus on applied social research through highly engaging consulting services that produce actionable insights and innovative solutions

**SROI**  
Supporting clients to measure their impact and report their value in financial terms using the Social Return on Investment Methodology

**Training**  
A range of accredited and non-accredited training courses. Delivered by our team of expert facilitators or through our online learning academy

**Tenders & Funding**  
We support clients to develop and submit funding proposals and tenders. We have helped clients secure in excess of £150m of public funding since 2013

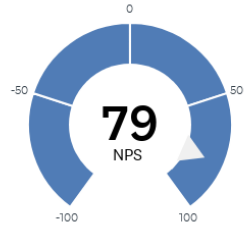

**Feasibility Study**  
Our multi-disciplinary network of architects, engineers, surveyors & economists support our approach to test project ideas and identify preferred options

# “ What our clients say

Don't just take our word for it. In April 2021 we surveyed 127 of our clients. We received a NPS of 79. An NPS rating of 70 or more is considered 'world class' and places S3 in the list of top customer-centric companies.

*Our club can't speak highly enough about the service provided from the team. Since getting involved with S3 our club has achieved a major objective with a successive capital project, plus they have been a major factor in the development and growth of the club.*

Val Russel  
Seagoe FC

*The project has been delivered on budget, on time and to a high standard. S3 have completed this project in a professional manner and throughout the project there has been frequent communication and interaction with us. During this evaluation, S3 engaged with a range of stakeholders such as community groups, and sports clubs. Feedback from the stakeholders that S3 engaged with has been very positive. S3 Solutions provided innovative solutions for this evaluation and produced clear, actionable insights and delivered their findings and recommendations in an engaging manner. Based on our work with S3 on this project, I would be happy to recommend S3 Solutions.*

David Callaghan  
Sport Ireland

*S3 Solutions have been really accessible to us and we have built up relationships with a few of their staff. They seem genuinely interested in our business and have consistently went the extra mile, often working extremely hard with us to meet deadlines. We have recommended them on more than one occasion and will continue to do so.*

Debbie Deans  
21 Training Ltd

*I have worked with S3 Solutions on projects over the past 2 years. Can honestly say the standard of work is superb. Brilliant to work with, gets things done to tight timeliness, goes the extra mile and quality of reports means very little time wasted on edits.*

Nollaig Whyte  
Roscommon  
County Council

*The service provided by S3 solutions is excellent. The staff and senior partners are very responsive, and will always go the extra mile to meet an organisations need*
